Science Fueled Fun for the Whole Family

Discover, create, play, and learn about island science. The Hawai'i Keiki Museum connects children to Hawai'i Island through hands-on exploration of Science, Technology, Engineering, Art, and Math (STEAM) that is all around us using open ended play experiences. Come enjoy a truly unique experience. With over a dozen exciting hands-on exhibits, it's

The Hawai'i Keiki Museum inspires curiosity, creativity, and innovation by introducing children to science during their early years.

Inspiring our keiki to become stewards of the land starts by sparking their curiosity. The hands-on exhibits inspire wonder and excitement, and are thoughtfully designed to engage our keiki through a process of self-discovery and exploration.

Including means our exhibits are engaging for a diverse audience. Accessibility is much more than ADA compliance, it is a celebration of our diversity. Attracting girls to STEM is an important goal. Including all ages and abilities, fosters respect for one another.

Connecting our keiki to their world empowers them to take charge of their future. Our keiki should never feel isolated or disconnected. This teaches our keiki kuleana (respect and responsibility) for the 'aina (our seas, our lands, and the sky above us).

Just Last Week – Nicole Lowen – State Representative

It is an honor and privilege to serve as your State Representative for North Kona. Together we have achieved some remarkable victories in recent years and I will continue to work hard to face Hawaii's many challenges and to build a better future for our next generation. With the new district maps for 2022, this year I will be running for election to District 7, which runs from the middle of

Kailua-Kona town up to Waikoloa Road, and includes Kailua, Kealakehe, Honokohau, parts of Holualoa, Kalaoa, Kaloko, Pu'uwa'awa'a, Waikoloa Beach, Pu'ulani, and Puako.

As your voice at the State Capitol, I have supported our schools, farmers, and have fought for more funding for affordable housing. As the Chair of the Committee on Energy and Environment, I have helped to lead the state and nation in bold energy, climate and environmental policy. We have worked together to protect our beautiful environment and natural resources, and passed bills for government transparency and campaign finance reform. I have worked on reducing state debt, and bringing our fair share of funding home to Hawaii Island with projects like Palamanui Community College, the Kona Courthouse, and a Federal Inspections Station for Kona Airport. Over the past two years, throughout the pandemic, I have worked harder than ever to keep everyone informed and to help our community navigate these challenging times.

October 2024

With World Polio Day on 24 October, I'm proudly rooting for Rotary as we team up around the world to End Polio Now.

I had the honor of attending a Strike Out Polio event in July at PNC Park, home of the Pittsburgh Pirates MLB team. The Rotary Club of Delmont-Salem hosted the event, which raised \$1.3 million for PolioPlus.

Later in the summer, I joined members of our Rotary family in supporting the Más Millas Menos Polio (More Miles Less Polio) bike ride. Felipe Meza Chávez and his team rode all the way from Ciudad Juárez, Mexico, to One Rotary Center in Evanston, Illinois, to raise money and awareness. The ride took 12 days, and Felipe and his team collected more than \$100,000 to support the fight against polio. It was a joy to greet them as they arrived in Evanston.

And I was thrilled to see Team End Polio raise global awareness around the 2024 Paris Olympics. This world-class roster of athletes, global leaders, and polio eradication supporters came together to advocate for a world where no child has to live in fear of being paralyzed by polio. Some of the athletes on Team End Polio are polio survivors themselves, adding weight to their advocacy.

These are just a few examples of the many ways Rotary has teamed up recently to End Polio Now. It is vital that we continue to seek out and recruit teammates in polio eradication, especially after the challenges our eradication efforts have faced this year.

The Rotary world was heartbroken to learn about the tragic passing in August of Aidan O'Leary, director for polio eradication at the World Health Organization.

I knew Aidan and worked with him directly. He was a tireless advocate in the fight against polio and a kind, genuine man. We will remember him both for his advocacy and his warmth.

But where there is hardship, there is also hope. I feel hopeful whenever I consider the countless ways Rotary supports the fight every day to eradicate polio.

As people of action, we don't have the luxury of giving in to despair, even in the face of tragedy. The best way to honor Aidan's memory is by teaming up and reaching our goal to End Polio Now.

We made a promise to the children of the world and their families. It is incumbent upon us, together with our global partners, to end this threat once and for all.

There are so many ways we can team up to eradicate polio. You can donate to the End Polio Now campaign, join or initiate a Polio-Plus Society in your club or district, or take inspiration from the fundraisers I mentioned above.

I encourage Rotary members around the world to continue to seek out new teammates, so that together, we end polio.

RCOK donated five picnic tables that Interact wanted to go to the Kealahou Intermediate School. Those helping on Sept 28th from Kona Rotary were Jenaya, Scott and Floyd Nordstrom. There were student volunteers that helped sand and paint the picnic tables from both the high school and the intermediate school. The two student advisors from the HS attending the work party were Christina Rossman and Erin Thompson.
